PREPARATION OF THE ANNUAL SECURITY REPORT

Universal Healthcare Careers College (UHCC) prepares its annual disclosure of crime statistics, which will also address monitoring and recording, through local police, of criminal activity on campus and at non-campus locations along with programs of prevention. Preparation includes analyzing public records, reaching out to the property management companies managing UHCC buildings and contacting the local police departments for additional insight about crime statistics pertinent to UHCC campuses.

Every year, UHCC will provide to students and employees the Drug and Alcohol Prevention Program and the Annual Security Report, which includes crime statistics for the campuses and years for the campuses listed at the end of this handbook. The information is compiled by Aram Tomasian, Compliance Officer. Incoming students receive the Annual Security Report during enrollment. Employees receive the Annual Security Report as part of their onboarding documents when they are hired. Both students and employees receive the Annual Security Report annually either via email or can pick up a hard copy from the reception desk before October 1 each year.

REPORTING A CRIME

Any student, faculty member, or employee of UHCC should directly report any potential criminal act or other emergency to the campus executive director listed at the end of this handbook for any crimes committed during school hours. The executive director will immediately call the local police/sheriff's offices. If any potential criminal act or emergency occurs after school hours, reports should be made directly to the local police/sheriff's offices as well as to the off-hours UHCC message board at (213) 384-0900. If the executive director is not available, any student, faculty member, or employee of UHCC should directly report any potential criminal act or other emergency to his or her instructor at the contact information provided in the syllabus for any crimes committed during school hours. You can also report to Maria Martinez, Student Liaison, who will immediately call the local police/sheriff's offices. If in the event the nature of the emergency is such that 911 must be contacted please do so. After the event has passed, please contact the campus executive director to report the incident.

Upon receipt of a call, officers are dispatched to the site, an investigation is conducted, and appropriate action taken. Please be as detailed as possible when providing a physical description of a suspect or perpetrator to the police and executive director. Along with describing a person's height, weight and build, try to include information pertaining to facial hair, skin complexion, jewelry and tattoos (where applicable). Vehicle descriptions should include make, model, color and approximate year of manufacture. When possible, try to record marker plate, state of origin, and any notable damage to the vehicle. It is also imperative that crime scenes not be disturbed to preserve any physical evidence that may exist.

Universal Healthcare Careers College does not have its own campus security or enforcement authority, neither does it possess the arrest authority needed to halt a perpetrator. The campus is under 24-hour camera surveillance. All crimes on campus should be reported to the executive director who will report the crime to the local police department for record keeping purposes. Universal Healthcare Careers College does not have pastoral or professional counselors. We do not have specific procedures that encourage pastoral and professional counselors, at their discretion, to inform those they counsel of procedures for reporting crimes voluntarily and confidentially for inclusion in the institution's annual security report and Web-based report to the Department.

If you are the victim of a crime and do not want to pursue action with UHCC or the criminal justice system, you may still want to consider making a voluntary, confidential report. With your permission, executive director can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, UHCC can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime regarding a location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the UHCC annual crime statistics.

TIMELY WARNINGS

A timely warning is made when a crime occurring on-campus or on public property is considered to represent a serious or continuing threat to students and employees. The crimes may include crimes identified in this report (“Clery crimes”). Anyone with information warranting a timely warning should report the circumstances to executive director by any mode listed in the contacts page following this handbook. The executive director will work with local police to communicate information about crimes reported to them that require timely warning.

Universal Healthcare Careers College will issue a timely warning as soon as possible when a Clery reportable crime is reported to the executive director occurred in a Clery defined geographical area, and a case-by-case analysis of pertinent facts known is completed and a determination is made of a serious or continuing threat to the community exists. The executive director considering all information from law enforcement personnel on the scene, is responsible for the decision to issue a timely warning. The executive director will complete a case-by-case analysis utilizing open communication and collaboration analyzing the reported crime, the known pertinent facts of a reported incident, and will determine whether the incident meets all of the following factors: 1) is a Clery reportable crime; 2) occurred in Clery defined geography; and 3) poses a serious or ongoing threat to the community.

If it is determined that any of the three factors are not met, then no timely warning will be issued. If it is determined that all three factors are met, the executive director will, in a manner that is timely and that withholds as confidential the names and other identifying information of victims, determine the content of the Timely Warning Crime Bulletin, work with administration to disseminate the timely warning expeditiously in a manner likely to reach the entire campus community utilizing one or more, and not limited to, the following methods to issue the Timely Warning Crime Bulletin: posting a notice on the UHCC website at www.uhcc.edu, emailing a copy of the bulletin to all students and staff to their contact information on record, and providing a copy of the Bulletin to all instructors to notify their students during class.

For clarity to the community when a timely warning is issued, it will be titled “Timely Warning Crime Bulletin” and include the following:

- A statement that the Timely Warning Crime Bulletin is being issued in compliance with the Jeanne Clery Act and the purpose is to provide preventative information to the campus community to aid members from becoming the victim of a similar crime.
- The Clery Act reportable crime that occurred
- The date, time, and location the crime occurred

- The date the Timely Warning Bulletin is issued
- A description of the suspect, and name, if known, when the suspect is at-large and evading apprehension and/or law enforcement is seeking assistance from the public to locate
- Preventative information specifically related to the type of crime which occurred that could help others from becoming the victim of a similar crime

The Timely Warning Crime Bulletins will not include, under any circumstances, the name of the victim, or information so specific that would or likely could identify the victim of the crimes of sexual violence to include rape, dating violence, domestic violence, or stalking. Issuance of timely warnings will be delayed only if the issuance would compromise the apprehension of the suspect or compromise the ability of law enforcement to investigate the crime. serious situation arises, either on or near campus, which constitutes an ongoing or continuing threat to students and employees, a campus-wide “timely warning” will be issued.

DAILY CRIME LOG

While the college does not have an on-campus security or enforcement department, UHCC tracks all crime reports on campus that are reported to the executive director. The executive director is responsible for preparing and publishing this Daily Crime Log. The Daily Crime Log contains records of criminal incidents by date reported and includes the nature of the crime, date, time the crime occurred, the general location of the crime, and the disposition of the complaint, if known. Entries to the Daily Crime Log will be made within two business days of the report of the information to Universal Healthcare Careers College. Universal Healthcare Careers College makes the most recent 60-day period open for public inspection during normal business hours. Any portion older than 60 days can be made available within two business days of the request. The Daily Crime Log is available upon request in the administration office in Suite 102.

CAMPUS CRIME STATISTICS

Universal Healthcare Careers College believes a community that is well informed about the nature of its crimes is a safety conscious public. Not only is it your right to know the information included in this document--it is to your advantage to act on it by developing personal routines that enhance your own safety and becoming actively involved in the reporting of crimes and suspicious/unusual activities. The crime statistics in this document are compiled by executive director. The statistics are based on crimes reported to the College and/or the Police Department. The executive director has maintained a working relationship with the local police department and the property management companies, and makes written requests for statistical information in the summer to obtain the statistics for the crimes occurring on campus or on public property.

There is no policy concerning monitoring and recording through local police agencies of criminal activity by students at non-campus locations of student organizations officially recognized by the institution because there are no student organizations.

The Campus Crime Statistics are attached at the end of this document for your review.

Public property is defined as property within or immediately adjacent to and accessible from campus and includes the parking lot but excludes the spaces that are marked “No Student Parking.”

ACCESS TO FACILITIES

Students, faculty and employees of UHCC have access to academic and administrative facilities on campus Monday through Thursday, 8am – 10pm and Friday from 8am – 5pm. Access to some facilities is restricted to selected students, faculty members, or staff members. For example, certain classroom facilities at UHCC are open only to students, faculty members, and staff members involved with classes taught there or in the operation of those facilities. Other facilities are open to all students, faculty members, staff members, and the general public. An example of this type of facility would be the computer lab and the student lounge during normal business hours. Any suspicious persons should be reported immediately to Kevin Ha, President.

PROMPT AND ACCURATE REPORTING

You are encouraged to accurately and promptly report all crimes to the executive director and the appropriate police agencies when the victim of a crime elects to, or is unable to, make such a report. Universal Healthcare Careers College follows all applicable policies and laws regarding confidentiality of records and reserves the right to provide police any information obtained as a result of a criminal investigation.

REGISTERED SEX OFFENDERS

Students, faculty and staff of UHCC may contact the California Office of the Attorney General at their website <http://www.meganslaw.ca.gov/Search.aspx?lang=ENGLISH> for information concerning registered sex offenders.

VIOLENCE AGAINST WOMEN ACT (VAWA)

On March 17, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA), which amended the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The final regulations went into effect July 1, 2015.

Each year, the campus reports statistics for domestic violence, dating violence, sexual assault and stalking in accordance with the definitions used in section 4002 (a) of the Violence Against Women Act of 1994. Beginning in 2014, the campus has added VAWA to its institutional Crime Log and began reporting the information. All prospective and continuing students and new employees will be provided training programs including one covering the prevention of crimes at the time of hire and/or as part of new student orientation. Continuing employees will also participate in annual training programs. The training programs will cover campus security, drug and alcohol abuse prevention, risk reduction, safe and positive options for bystander intervention, the

definition of consent, the definition of dating violence, domestic violence, sexual assault, and stalking. The training programs will also include prevention of dating violence, domestic violence, sexual assault and stalking.

It is important to be aware of state law definitions that govern criminal proceedings.

Dating Violence - Included within the definition of domestic violence as set forth in California Penal Code § 13700.

Domestic Violence - “Domestic violence” means abuse committed against an adult or a minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship. For purposes of this subdivision, “cohabitant” means two unrelated adult persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to:

- (1) sexual relations between the parties while sharing the same living quarters,
- (2) sharing of income or expenses,
- (3) joint use or ownership of property,
- (4) whether the parties hold themselves out as spouses,
- (5) the continuity of the relationship, and
- (6) the length of the relationship.

“Abuse” means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another.⁸

⁷ § 668.46(a).

⁸ Cal. Penal Code § 13700 (a), (b).

Sexual Assault (Defined under the Clery Act to be an offense that meets the definition of rape, fondling, incest, or statutory rape):

- Rape – Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:
 1. Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.
 2. Where it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.
 3. Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.
 4. Where a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, "unconscious of the nature of the act" means incapable of resisting because the victim meets any one of the following conditions:
 - a. Was unconscious or asleep.
 - b. Was not aware, knowing, perceiving, or cognizant that the act occurred.
 - c. Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.
 - d. Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraudulent representation that the sexual penetration served a professional purpose when it served no professional purpose.
 5. Where a person submits under the belief that the person committing the act is someone known to the victim other than the accused, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.
 6. Where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph, "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.
 7. Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of

that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

- a. As used in this section, “duress” means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in an act to which one otherwise would not have submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.
- b. As used in this section, “menace” means any threat, declaration, or act which shows an intention to inflict an injury upon another.⁹

• Sexual Battery (Fondling) –

(C) Any person who touches an intimate part of another person for the purpose of sexual arousal, sexual gratification, or sexual abuse, and the victim is at the time unconscious of the nature of the act because the perpetrator fraudulently represented that the touching served a professional purpose, is guilty of sexual battery.

(2) “Sexual battery” does not include the crimes defined in Section 261 or 289.

(3) “Seriously disabled” means a person with severe physical or sensory disabilities.

(4) “Medically incapacitated” means a person who is incapacitated as a result of prescribed sedatives, anesthesia, or other medication.

(5) “Institutionalized” means a person who is located voluntarily or involuntarily in a hospital, medical treatment facility, nursing home, acute care facility, or mental hospital.

(6) “Minor” means a person under 18 years of age.¹⁰

Stalking –

(A) Any person who willfully, maliciously, and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking

(B) For the purposes of this section, “harasses” means engages in a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, torments, or terrorizes the person, and that serves no legitimate purpose.

(C) For the purposes of this section, “course of conduct” means two or more acts occurring over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of “course of conduct.”

(D) For the purposes of this section, “credible threat” means a verbal or written threat, including that performed through the use of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or electronically communicated statements and conduct, made with the intent to place the person that is the target of the threat in reasonable fear for his or her safety or the safety of his or her family, and made with the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her family. It is not necessary to prove that the defendant had the intent to actually carry out the threat. The present incarceration of a person making the threat shall not be a bar to prosecution under this section. Constitutionally protected activity is not included within the meaning of “credible threat.”

(E) For purposes of this section, the term “electronic communication device” includes, but is not limited to, telephones, cellular phones, computers, video recorders, fax machines, or pagers. “Electronic communication” has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

Consent in reference to sexual activity is defined under California law as the following: In prosecutions under Section 261, 262, 286, 288a, or 289, in which consent is at issue, “consent” shall be defined to mean positive cooperation in act or attitude pursuant to an exercise of free will. The person must act freely and voluntarily and have knowledge of the nature of the act or transaction involved. A current or previous dating or marital relationship shall not be sufficient to constitute consent where consent is at issue in a prosecution under Section 261, 262, 286, 288a, or 289.

Nothing in this section shall affect the admissibility of evidence or the burden of proof on the issue of consent.¹⁴ In prosecutions under Section 261, 262, 286, 288a, or 289, in which consent is at issue, evidence that the victim suggested, requested, or otherwise communicated to the defendant that the defendant use a condom or other birth control device, without additional evidence of consent, is not sufficient to constitute consent.¹⁵

BYSTANDER INTERVENTION

If you are the bystander to domestic violence, dating violence, sexual assault or stalking, below are some options for the bystander:

- If you witness sexual violence, get support from people around you. You do not have to act alone.
- Practice with friends and family about what you would say and how you would say it.
- When intervening, be respectful, direct and honest.
- Contact your local sexual assault center to see if they offer resources or training on bystander intervention (www.nsvrc.org/organizations/state-and-territory-coalitions)
- If you see or hear something and you do not feel safe, contact the police.

RISK REDUCTION AND ONGOING AWARENESS

Universal Healthcare Careers College provides risk reduction and ongoing awareness through orientation of new staff and prospective and ongoing students. In our orientation program, staff and students are provided information on general crime prevention, how to interrupt situations of harm and the appropriate notification system when an act occurs. Continuing employees will also participate in annual training programs. The training programs will cover campus security, drug and alcohol abuse prevention, risk reduction, safe and positive options for bystander intervention, the definition of consent, the definition of dating violence, domestic violence, sexual assault, and stalking. The training programs will also include prevention of dating violence, domestic violence, sexual assault and stalking.

¹⁴ § 261.6.

¹⁵ § 261.7.

IF YOU HAVE BEEN SEXUALLY ASSAULTED:

- Seek immediate medical assistance. A victim may have internal or external injuries and may need treatment for disease or infection.
- Report such acts to the executive director and the local Police Department. At the victim's request, officers or administrators will assist in the notification of local law enforcement. The Universal Healthcare Careers College disciplinary system may proceed against any alleged violator of institutional policy, whether state or federal criminal proceedings exist or are pending.
- Preserve any evidence of the assault for proof of a criminal offence.
- If necessary, seek counseling and/or emotional assistance and support. Speaking with a trained counselor can be critical to the emotional or mental well-being of the victim.

PRESERVING EVIDENCE AFTER A SEXUAL ASSAULT

Evidence of a sexual assault should be preserved as soon as possible after the incident, even if the reporting student is unsure about reporting or filing criminal charges. A Sexual Assault Forensic Examination (SAFE) will preserve evidence and may be done up to 84 hours after an assault. A SAFE may be done regardless of whether the student receiving the examination wants to pursue criminal charges or may be helpful in obtaining a protection order. The student does not need to provide his/her name to police to have the exam and for the evidence to be preserved. Preserving evidence, including from a SAFE, does not obligate the student to pursue criminal charges or appear in court. Steps to preserve evidence:

- Do not shower or douche
- Try not to urinate. Urinating may reduce the ability to detect “date rape” drugs
- If there was oral contact, do not smoke, eat, or brush teeth
- Do not change clothes. If you have already changed your clothes, place them in a paper bag (plastic may destroy evidence) If you haven’t changed, keep the original clothes on and bring an extra set to wear home from the hospital
- Go to a hospital with the capability of providing a SAFE exam and request the exam. The cost of a SAFE examination is paid for from a state fund

RESOURCES:

There are many resources for victims who are unsure what to do when dealing with domestic violence, relationship abuse and stalking. One option is the criminal justice system. Do not be afraid to call the police if you have been abused. The goal of the police and legal system is to provide some measure of safety for victims of violence and to provide information about additional resources, such as temporary living accommodations if necessary. One immediate alternative is to obtain a Temporary Restraining Order. If you have been recently threatened, hurt, or abused, or are being stalked by your current or former intimate partner, call 9-1-1 or 9-911. Tell the dispatcher that you are in danger and that you need help immediately.

The police are required to write an incident report for all domestic violence calls, even if the batterer has already left the scene. Although it is best to make the report as soon as possible, you may call the police anytime, even days or months, after you have been abused. Alternatively, you can contact a domestic violence and dating violence hotline at any time at 800-799-SAFE.

Victims have a right to obtain an order of protection, a “no contact” order, a restraining order or a similar lawful order issued by a criminal court. Universal Healthcare Careers College does not issue orders of protection, but we will make every effort to comply with the order. If a student has already obtained an order of protection, a “no contact” order, or a restraining order, the student should contact the executive director. If the order involves another student, UHCC can discuss available options for attendance while the other party to the order is not on campus. If a student with or under such an order breeches the order, any Universal Healthcare Careers College administrator or the student should call the local authorities using the non-emergency. In emergency call 9-1-1 or 9-911.

obtained from a court in the jurisdiction where the incident occurred. Contact information for courts in an around campus can be found in Appendix A.

STUDENT SEXUAL ASSAULT SURVIVOR'S BILL OF RIGHTS

When a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student's or employee's rights and options.

Federal law entitles sexual assault victims to the following rights:

- The accuser and the accused have the same opportunity to have others present throughout disciplinary proceedings.
- Both parties shall be informed simultaneously in writing of the outcome of any disciplinary proceeding.
- Victims shall be informed of their options to notify law enforcement.
- Victims shall be notified in writing of health and mental health counseling services available on and off campus.
- Victims shall be notified in writing of options for changing academic, living, transportation, and working situations.
- Victims shall be notified about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other protective measures regardless of whether the victim reports the incident to law enforcement.

The institution must make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available.

When a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student's or employee's rights and options.

INVESTIGATORY PROCEEDINGS AND DISCIPLINARY PROCEEDING

Regarding any investigations, both the accuser and the accused are entitled to the same opportunities to have others present. Proceedings will include a prompt, fair, and impartial process from the initial investigation to the final result, be conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. The standards of evidence that will be used during an institutional disciplinary proceeding arising from an allegation of dating violence, domestic violence, sexual assault, or stalking are clear and convincing evidence based on written statements, testimony, and institutional investigation reports. Both the accuser and the accused will be informed

simultaneously in writing of the outcome. Universal Healthcare Careers College does not have an appeal process for on campus investigatory proceedings.

SANCTIONS

Students found responsible for violating any of the College's policies may receive disciplinary sanctions. The fundamental principle guiding the imposition of sanctions in the student discipline system is founded in the College's effort to balance upholding community standards with the educational development of its students in addressing individual behavior.

The sanctioning regimen is designed to reestablish order while considering the common good, which sometimes necessitates the temporary or permanent removal of the offender. The mechanism within which offenders can reflect upon their actions and their impact on both themselves and restoration of the offender to good standing within the community provided the safety of the community is not jeopardized by the individuals' presence or return. The sanctions listed below are not meant to be exhaustive.

- Suspension from campus
- Dismissal from the College

The final determination of the appropriate sanction is done by the Campus Leadership.

Employees found responsible for violating the College's policies may receive disciplinary sanctions that could include a written warning, final written warning and/or dismissal from employment depending on the specific violation of the College's policies. The final determination for employees is decided by the Human Resources department.

SEXUAL ASSAULT, RAPE, OR MISCONDUCT

Any behavior that constitutes a sexual offense under this policy will subject the offender to disciplinary action and sanctions by UHCC up to and including dismissal, whether or not criminal charges are filed and without regard to whether the conduct occurred on or off campus. Prohibited conduct includes sexual assault, rape, attempted sexual assault or rape, indecent exposure, voyeurism, or possession or distribution of illegal pornography. In addition, sexual assault, rape and other sexual offenses are illegal under California criminal statutes and may be prosecuted in a court of law.

Sexual assault occurs when a person performs or compels another person to perform any sexual act or to have any form of sexual contact without consent. Rape is a specific kind of sexual assault that involves any vaginal, oral, sodomy, anal, or urethral penetration with any body part or object without consent. Consent requires mutually understandable and communicated words and/or actions demonstrating agreement to participate in the proposed sexual act. Lack of consent may result from inability because of mental impairment of the victim (due to, for example, intoxication), or physical helplessness of the victim (due to, for example, being asleep). Lack of consent may also result from intimidation (due to, for example, the aggressor's language, size, or threatened or actual use of force) that silences the victim. Attempted sexual assault or rape occurs when a

person intends to commit the offense and engages in conduct that would lead to it.

Victims and witnesses of sexual offenses should be assured that care, confidentiality and consideration of the victim's wishes will be considered throughout the investigation. The administration is obligated to consider requests for changes in programs and/or class schedules if they are reasonably available. Individuals who feel that they are victims of any sexual offense are urged to file a complaint with the local Police Department and the executive director.

Victims should seek immediate medical assistance from local hospitals listed in Appendix C.

CONFIDENTIALITY

A victim can seek assistance and support from physicians, psychotherapists, professional, licensed counselors, and clergy without triggering an Institutional investigation that could reveal the victim's identity or the fact of the victim's disclosure. However, see limited exceptions below regarding when these professionals must report to local law enforcement agencies. These confidential professionals should explain these limited exceptions to victims, if applicable.

Universal Healthcare Careers College will be unable to investigate a particular incident or pursue disciplinary action against a perpetrator if a victim chooses to (1) speak only to a treating physician, psychotherapist, professional counselor, or clergy member, and (2) maintain complete confidentiality. Even so, these individuals will assist victims in receiving other necessary protection and support, such as victim advocacy, disability, medical/health or mental health services, or legal services, and will advise victims regarding their right to file a complaint with the Institution and a separate complaint with local police. If a victim insists on confidentiality, UHCC will likely not be able to fully assist the victim with academic support or accommodations or adjustments to course schedules.

A victim who at first requests confidentiality may later decide to file a complaint with UHCC or report the incident to the police, and thus have the incident fully investigated. Counselors and advocates can provide victims with that assistance if requested.

LIMITED EXCEPTIONS TO CONFIDENTIALITY

Under California law, any health practitioner employed in a health facility, clinic, physician's office, or local or state public health department or clinic is required to make a report to local law enforcement if they provide medical services for a physical condition to a patient/victim who they know or reasonably suspects is suffering from (1) a wound or physical injury inflicted by a firearm; or (2) any wound or other physical injury inflicted upon a victim where the injury is the result of assaultive or abusive conduct (including Sexual Misconduct, Domestic Violence, and Dating Violence).

This exception does not apply to sexual assault and domestic violence counselors and advocates. Health care practitioners should explain this limited exception to victims, if applicable.

Additionally, under California law, physicians, psychotherapists, professional counselors, licensed clinical social workers, clergy, and sexual assault and domestic violence counselors and advocates are mandatory child abuse and neglect reporters, and are required to report incidents involving victims under 18 years of age to local law enforcement. These professionals will explain this limited exception to victims, if applicable. Finally, some or all of these professionals may also have reporting obligations under California law to (1) local law enforcement in cases involving threats of immediate or imminent harm to self or others where disclosure of the information is necessary to prevent the threatened danger; (2) to the court if compelled by court order or subpoena in a criminal proceeding related to the sexual violence incident. If applicable, these professionals will explain this limited exception to victims.

SEXUAL HARASSMENT AND EQUAL EDUCATIONAL OPPORTUNITY

Universal Healthcare Careers College provides an equal educational opportunity to all students and does not discriminate based on race, color, sex, sexual orientation, marital status, veteran's status, religion, national or ethnic origin, age, or disability in the administration of educational programs, admission and employment policies, scholarship and loan programs, and other school-administered programs. Universal Healthcare Careers College is dedicated to the mission that all human beings possess an inherent dignity. Universal Healthcare Careers College strongly condemns any unlawful or wrongful discrimination against the rights of others. Throughout the year, UHCC requires students to attend awareness programs for the prevention of rape, acquaintance rape, and other forcible and non-forcible sexual offenses.

Universal Healthcare Careers College does not condone or tolerate any behavior (verbal, electronic, or physical) by an employee, student, or visitor that would constitute sexual harassment. Such behavior will subject the harasser to appropriate sanctions, including, but not limited to, counseling, suspension, expulsion, or civil or criminal action. Sexual harassment is a form of illegal discrimination referring to a wide range of inappropriate behaviors and/or unwanted conduct of a sexual nature that effectively denies the victim of the harassment the opportunity to work and/or study in a non-threatening, stress-free environment.

Universal Healthcare Careers College defines sexual harassment in the following ways: Sexual harassment shall include, but not be limited to, unwelcome sexual advances, direct or indirect sexual demands, requests for sexual favors, sexual comments, gestures, or other physical actions of a sexual nature when:

- Submission of such conduct is made either explicitly or implicitly a term or condition of an individual's educational success.
- Submission to or rejection of such conduct by an individual is used as the basis for educational decisions affecting the individual.
- Such conduct has the purpose or effect of unreasonably interfering with an individual's academic performance or creating an intimidating, hostile, or offensive educational environment.

Furthermore, UHCC considers it a violation of an individual's rights to retaliate against a person who has initiated an inquiry or complaint having to do with abuse or harassment, and/or to instigate any other person to participate in such activity.

ACTS OF INTOLERANCE, RACISM, OR HARASSMENT

Universal Healthcare Careers College is committed to maintaining a multicultural academic community in which the dignity and worth of each of its members is respected. It is the policy of the college that acts of intolerance, abuse, or harassment by students, faculty, staff and visitors, will not be tolerated. Any individual who violates this policy will be subject to appropriate action, including, but not limited to, counseling, suspension, expulsion, termination from the campus, or civil or criminal action.

Acts of intolerance and abuse are defined as any offensive verbal, written, or physical conduct directed at a person or group based upon race, color, national and/or ethnic origin, gender, sexual orientation, disability, religion, veteran's status, age, or association with persons different from oneself where such behavior is intimidating, hostile, demeaning, or could or does result in emotional or physical harm, embarrassment, or fear of one's personal safety.

Abuse and harassment include offensive behavior that interferes with a person or group's educational status or participation in campus activities, or which creates a hostile academic or social environment. Prohibited behaviors include threatening or offensive letters, use of threatening or demeaning language, vandalism, or graffiti to campus property, and stalking or aggression relating to dating relationships.

REPORTING OF INCIDENTS OF ABUSE OR HARASSMENT

Any incident of criminal misconduct, such as physical assault or destruction of property, should be promptly reported to executive director and may be reported to the local Police Department. Any incident of abuse or harassment by a student or an unidentified perpetrator should be promptly reported to executive director. If appropriate, the student disciplinary process will be initiated.

EQUAL OPPORTUNITY GRIEVANCES BY STUDENTS INVOLVING UNIVERSAL HEALTHCARE CAREERS COLLEGE EMPLOYEES

Students who feel that they have been discriminated against or subjected to harassment by a UHCC employee in violation of the above policies are urged to promptly report the matter to the executive director.

INVESTIGATION AND INFORMAL OR FORMAL RESOLUTION

If the reported incident is not of a serious nature or in situations where miscommunication is occurring, the executive director may attempt to resolve the matter through discussion and mediation with the alleged harasser's supervisor. In situations where serious misconduct is reported, the executive director will investigate and determine the appropriate action. The complainant and the alleged perpetrator will be notified of the disposition within 45 days.

FORMAL GRIEVANCE PROCESS

If the student is not satisfied with the above resolution, the student may submit a written grievance within 30 days to executive director stating the nature of the complaint, a description of the incident(s) and any possible witnesses, and the remedy sought. The executive director will seek a resolution of the grievance. If it cannot be resolved, the executive director will convene a resolution committee consisting of representatives of the executive management team. The committee will consider the evidence presented, determine the facts, and recommend a decision to the executive director.

All UHCC students and Employees read and sign the Drug Free and Alcohol Abuse Prevention Policy, which outlines the policy regarding the possession, use, and sale of alcoholic beverages and enforcement of State underage drinking laws, the policy regarding the possession, use, and sale of illegal drugs and enforcement of Federal and State drug laws, and include a description of any drug or alcohol-abuse education programs, as required under section 120(a) through (d) of the HEA, otherwise known as the Drug-Free Schools and Communities Act of 1989.

It is a policy of UHCC to maintain a drug and alcohol-free workplace and campus. The illegal possession, use or distribution of drugs or alcohol by students, staff, and faculty members is a violation of UHCC rules as well as State and Federal law. EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Anyone with information warranting an emergency response should report the circumstances to the executive director.

Under the Clery Act, every institution is required to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees. An "immediate" threat as used here includes an imminent or impending threat, such as an approaching forest fire, or a fire currently raging in one of your buildings.

In cases where evacuation is required, the notification will be via an alarm, postings to the website and email/text notifications. The building evacuation procedures include responsible campus personnel, safe zones, and routes of egress are outlined on the next page. As UHCC is in one building sharing the same roof with no outbuildings or housing, the notification process will involve only those currently on campus. The executive director, or his or her designee, will also initiate a call to the appropriate authorities to report the emergency and request a response.

The executive director will, without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. The President's determination will be based upon:

- Personal observation of the event (sight or sound);
- Responses from the police, fire department, city agencies, faculty, staff, students, administrators, or visitors to the campus;
- Information from an outside reliable source, such as local police or fire, news media, or government entity;
- Other means that might be available.

As soon as the executive director has confirmed that a significant emergency or dangerous situation exists, he will consider the safety of the campus community, determine what information to release about the situation, and begin the notification process and immediately contact the local police department.

The only reason the executive director would not immediately issue a notification for a confirmed emergency or dangerous situation would be if doing so would compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency. For example, an alarm may not sound if there is an armed intruder and sounding an alarm would compromise the safety of students, employees, or bystanders.

Faculty and Staff are responsible for dismissing students and directing them to leave the building by the nearest building exit upon hearing the building alarm or being notified of an emergency.

Designated essential personnel needed to continue or shut down critical operations, while an evacuation is underway, are responsible for recognizing and/or determining when to abandon the operation and evacuate themselves.

Contract workers will be made familiar with the procedures outlined herein and are expected to leave the building when the alarm sounds.

PLEASE NOTE: *Assigned duties are to be carried out only if you are not putting yourself in danger or risking your personal safety.*

Procedure for Individuals Needing Assistance during Evacuation

Any person unable to use stairs, or need assistance to evacuate, should proceed to the nearest designated "safe area" or remain in his/her office if safe. Emergency evacuation personnel will check "safe areas" and ensure emergency response and rescue personnel are notified if someone has taken refuge there. They will also report any person taking refuge in offices in their areas.

Safe Areas; unless otherwise specified are regular locations that are easily accessible to individuals with limited mobility. and are monitored by emergency personnel (Work Areas Reps, Floor Monitors).

Two areas per floor have been designated as "safe areas". These locations are for use as a refuge by individuals who cannot negotiate stairs during evacuation, until trained emergency rescue personnel arrive to assist in their safe evacuation if circumstances warrant.

Please note that when choosing safe areas, you must consider all types of emergencies including severe weather.
